14 About VXT Services

Introduction

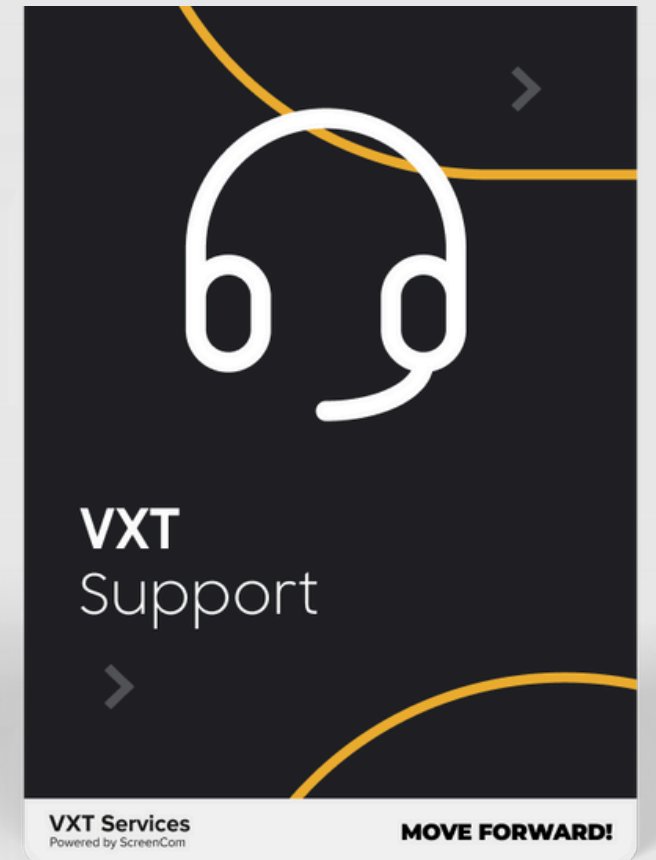

Samsung VXT: A cloud-native solution revolutionising digital signage management. Create, manage and distribute content across devices seamlessly. Affordable and accessible, it ensures high-quality signage for all.

This guide helps you navigate VXT's features and integration.

Support

Our expert team has been working with digital signs for over a decade and is ready to help you. We keep a close watch on new developments in content management systems and Samsung technology. We started using VXT early on, giving us the power to use all its features to help you.

Support

Support on Demand

Get back on track with the right technical guidance.

Resources

Explore all online blogs, guides, solution briefs, documentations, tutorials and ebooks.

Knowledge Base

An online support platform with lots of FAQs and how to's.

Training

Empower your Samsung VXT skills to get the most out of the software.

Onboarding

A personalised walkthrough and setup of your VXT account, including 2 weeks of priority-support.

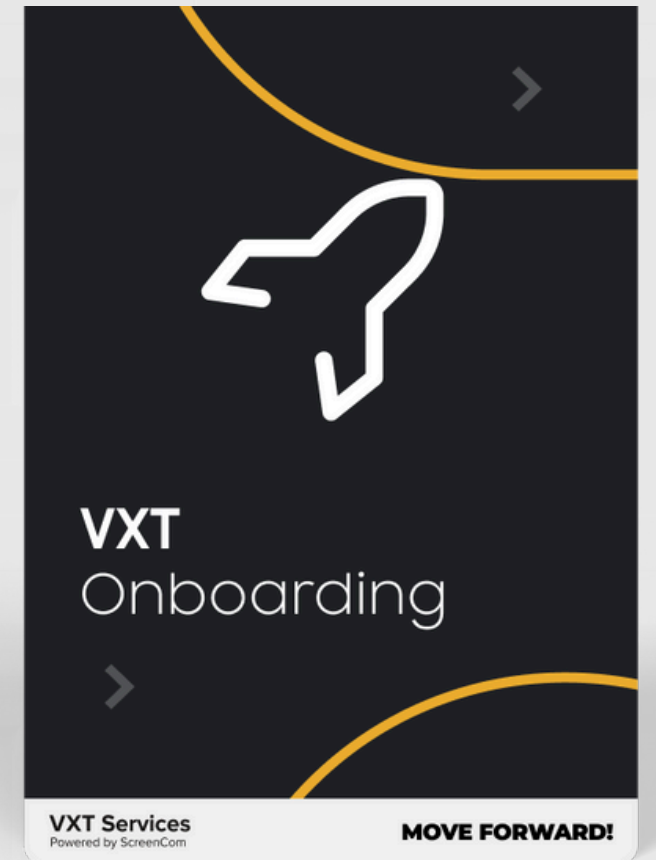

Consultancy

Leverage on technical know-how and years of experience to grow your systems.

Onboarding

VXT Onboarding is a personalised service that gets your VXT account fully configured and ready to use. With a clear step-by-step plan and hands-on training, we will guide you through the setup process so you feel confident and prepared.

Onboarding

6 Steps to Get Your VXT Account Up and Running

- 1 Kickoff & Goal Setting**
Define your digital signage project goals and set the foundation for success.
- 2 Action Plan Setup**
Develop a tailored plan to guide your project every step of the way.
- 3 VXT Account Setup**
 - Configure your account basics: users, roles, and standard settings.
 - Create a structured display hierarchy and set up your playlists.
- 4 VXT Handover**
Transfer account control to two designated VXT users.
- 5 Hands-On Support**
Receive 2 weeks of priority support to ensure smooth implementation.
- 6 Final Onboarding Meeting**
Wrap up with a review session to address any final questions or adjustments.

Onboarding

During onboarding, you will receive all the essential resources and tools to set your business up for success with VXT.

What you will get:

- A custom VXT workflow that fits your needs and goals
- Personalized VXT account ready to be used
- Reliable support that keeps your digital signage running smoothly

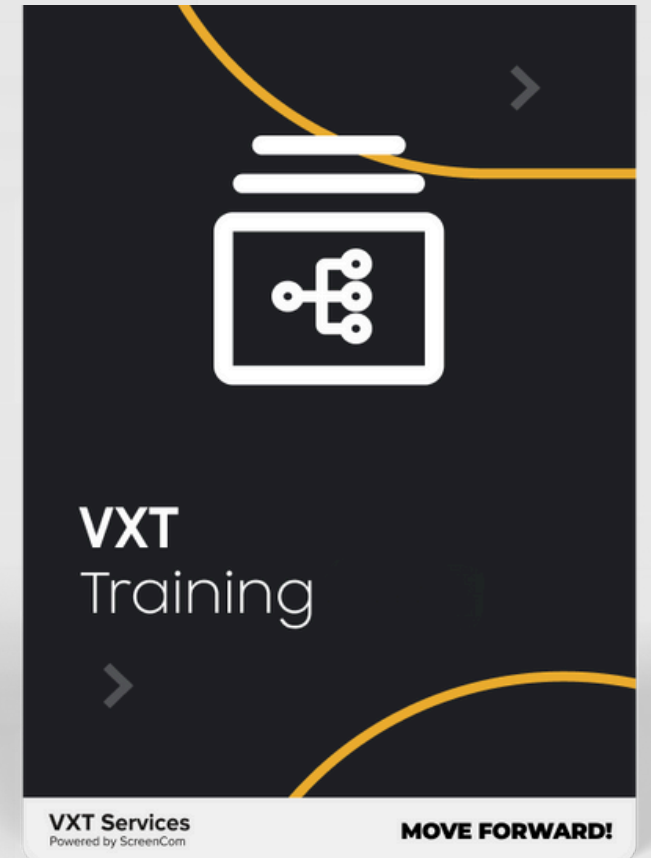

Contact us for the Onboarding pricing.

VXT Training

In our VXT Training, a Samsung VXT expert shows you how to make and share great digital signs. You will learn step-by-step how to create eye-catching content, following a special plan made just for content managers. This training covers everything you need to know about making awesome digital signs from start to finish.

Language of instruction: English

VXT Training

What You Will Get from VXT Training

- Learn how to configure VXT for seamless performance.
- Discover how to efficiently manage your signage network from anywhere
- Get tips on tracking system performance and troubleshooting.
- Learn best practices to keep your system running smoothly.
